

REBUILDING AND STRENGTHENING SYRIA

Damascus Construction Week is a significant opportunity to contribute and benefit from the country's reconstruction projects.

Your participation can directly support the rebuilding of infrastructure, housing, public services and help restore normalcy to communities.

WHY SHOULD YOU PARTICIPATE ?

- Demonstrate cutting-edge construction technologies, sustainable practices, and efficient materials that can address the unique challenges of rebuilding in a post-war context.
- Connect yourself to key stakeholders and projects
- 12.000 visitors from all over Syria
- Opportunity to re-connect with the Syria Market.
- Stay competitive in the market.
